**Twin Vee PowerCats Delivers Three Consecutive Quarters of Year-Over-Year
Sales Growth Amid Expanding Catamaran Market**

FORT PIERCE, FL / ACCESSWIRE / December 18, 2025 — Twin Vee PowerCats Co. (Nasdaq:VEEE), (“Twin Vee” or the “Company”), a manufacturer, distributor, and marketer of power sport boats, today announced three consecutive quarters of year-over-year sales growth during the second, third, and fourth quarters of fiscal 2025, reflecting sustained momentum in the Company’s core business.

This performance aligns with a 2025 report by DataHorizzon Research, which forecasted significant growth in the global power catamaran market (defined as twin-hull, center-console recreational and commercial boats designed for fishing, cruising, water sports, and offshore activities). The report stated that the global power catamaran market is expected to grow from approximately \$2.8 billion in 2024 to \$4.6 billion by 2033, exhibiting a Compound Annual Growth Rate (CAGR) of 5.7%. Twin Vee believes this broader industry expansion, combined with improving dealer productivity and prior operational investments and capital expenditures, is contributing to strengthening demand across its product portfolio.

The Company is providing this update ahead of its customary earnings releases to highlight sales momentum while continuing to operate with disciplined cost management, inventory control, and a focus on long-term value creation.

“The Company’s year-over-year growth across three consecutive quarters reflects our ability to capture demand within the expanding power catamaran sector,” said Joseph Visconti, CEO and President of Twin Vee PowerCats Co. “By refining our manufacturing efficiencies, designing innovative and award-winning boat models, and broadening our dealer network, we are reinforcing our foundation to capitalize on the increasing global demand for power catamarans.”

Twin Vee remains focused on leveraging its existing manufacturing platform, developing high-quality dealer relationships, and positioning the business for continued growth. Additional financial details will be provided in the Company’s upcoming earnings release for the year ended December 31, 2025 and filings with the Securities and Exchange Commission (the “SEC”).
